

LIVING VOICE

IBX-R2

The Avatar IBX-R2 contains further refinement and detail. Hand made with meticulous attention to detail, it is uncompromised by production engineering constraints. A Scanspeak Revelator tweeter is responsible for the superbly smooth and detailed upper octaves. The IBX-R2 provides unrivalled insight and pleasure.

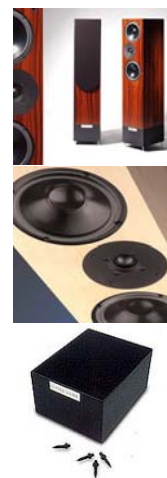

Technical Summary

750 density hardwood composite enclosure
Components matched to two decimal places
High sensitivity D'Appolito configuration
Clarostat non-inductive wire wound resistors
Hovland discrete film and foil Musicaps
Mechanically isolated crossover
Book matched premium veneers
Scanspeak D2905/99 Revelator tweeter
Stiff triple braced cabinet
Star earthing
Hand wound air core inductors
